

## Introducing the **New MedLambda Board (2022-2023)**

Hi everyone! At the end of January, MedLambda transitioned to its new executive board! This year's board consists of eight MS1s who will be taking over MedLambda's operations now that the MS2s are studying for STEP. We have so much in store for this year and we're so excited to share it with you all here at Keck!

## Intersex Health Lunch Talk

Join us on 2/10 in MCH 256 & over Zoom from 12pm - 1pm

The Intersex Lunch Talk will feature Bria Brown-King and Casey Orozco-Poore discussing definitions, experiences and common misconceptions about what it means to be intersex in our society and our healthcare system. Come learn how intersex rights are centered around other movements, and what medical students/providers can do to be allies in this movement.

Lunch will be provided for those in MCH 256!

## ▶ Am I OK?

A comedy-drama film about friendship and coming out in your 30s

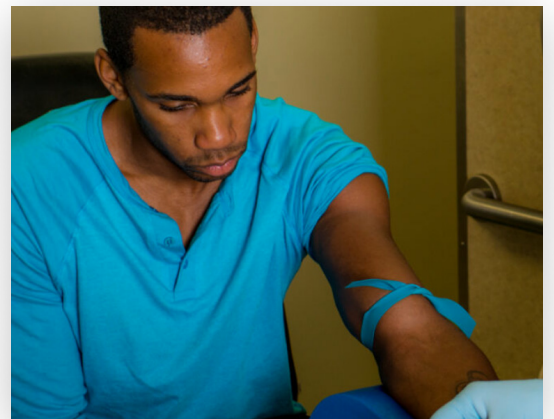

Premiering at Sundance, and directed by wife team Tig Notaro and Stephanie Allynne, Am I Ok? tells the story of best friends Jane and Lucy, when one of them gets a promotion to move to London and the other comes out as gay. The film stars Dakota Johnson and Sonoya Mizuno. Coming soon to HBO Max,

## ADVANCE Study ☰

Be a part of history and help change the FDA's discriminatory blood donation policy.

Gay and bisexual men (men who have sex with men) have been restricted from donating blood since 1985 on the basis of fear and without scientific backing. The ADVANCE (Assessing Donor Variability And New Concepts in Eligibility) Study is funded by the FDA and seeks to evaluate alternatives to the FDA's current policy. The hope is that results from this study will compel the FDA to change this policy.

If you are interested in participating in this study or learning more, visit [ADVANCEstudy.org](http://ADVANCEstudy.org). Participants will be financially compensated!
